

Sacred Heart of Jesus Catholic Parish & School recently completed a vital planning study to listen deeply to our community's voice and discern the best way to strengthen our parish and school facilities for generations to come. The Steier Group, a trusted development consulting firm, conducted the study and presented its findings to our Parish Leadership Team (PLT) in May 2025. Here are some of the most encouraging results:

Our parish's strong sense of community and passionate leadership continues to be a source of pride and hope.

87% of respondents have committed to making a personal gift to support our capital campaign.

64 individuals out of the 319 survey respondents have stepped forward, ready to lead and inspire others as campaign ambassadors.

35 parishioners have already included Sacred Heart in their estate plans, with **50 more** eager to learn how to do the same.

PLANNING STUDY RESULTS ARE HERE

Since receiving Archdiocesan approval this summer to move forward, we have been prayerfully discerning the best next steps to serve our community well. We are developing a Frequently Asked Questions document and strategizing the most effective way to share this with you all. With the busy summer behind us and school back in session, now is the perfect moment to engage and communicate clearly.

Over the next several weeks, our next steps include:

- Connecting with those who wish to serve as campaign ambassadors, igniting leadership within our parish family.
- Finalizing the phasing of our project priorities to ensure thoughtful, impactful progress.
- Collaborating with the Archdiocesan Department of Real Estate and Construction to align vision with practical planning.
- Identifying an architect and building partner to refine cost estimates and bring our shared vision into clearer focus.
- Creating clear, inspiring materials to keep our community informed and excited.

This is more than a building project – it is a mission investment in the future of Sacred Heart of Jesus Catholic Parish & School. Together, may we see the vision, hear the call, and be the spark that puts hearts on a collision course with the Sacred Heart of Jesus!

**MISSION
INVESTMENT**

See the vision. Hear the call. Be the spark.

**SACRED HEART
— of JESUS —**
